

PROJECT IGNITE COMMUNITY
“PAPER TRAIL” PARENTAL CONSENT FORM

Fill out this form, scan or photograph it clearly, and email it to us at:
projectignite.parents@autodesk.com

*Your child's provisional account will expire within 10 business days
from initial creation unless you complete the approval process.*

Your child just created a **free** account through Project Ignite, and **needs your permission** to become a full member of our Autodesk Project Ignite Community. The Autodesk Project Ignite Community is a collection of applications that help your child learn about design, 3D printing, electronics, programming, and more through hands-on projects.

Once approved, your child can create and share projects, post comments, upload a photo, collaborate with others, contact customer service, and save wish lists for projects and kits. They can also complete projects through the Project Ignite learning platform, where they can join private classrooms and post reviews. Children may be able to share personal information while participating in some of these activities but you can log into your account to see what they've been up to, moderate their activity, and change their username as necessary.

We may also collect persistent identifiers to customize your child's visit or display ads for other age-appropriate Autodesk applications based on their activity while using our applications. For more information on persistent identifiers and advertising, click here: http://www.autodesk.com/company/legal-notices-trademarks/privacy-statement/autodesk-privacy-statement-2015-english#_Information_we_collect_1

We take your child's privacy very seriously, and work hard to keep our community safe and friendly. To comply with the U.S. Children's Online Privacy Protection Act (COPPA), we must get parental permission before allowing kids under the age of 13 to join the Project Ignite Community. To see a description of all our privacy practices, click here: <http://www.autodesk.com/privacy>.

You must complete the approval process below within ten business days of the date on the email you received, or we will need to close and delete your child's account. Pending your approval, your child will be limited to taking our tutorials and creating designs that are kept in a private gallery.

What's happened so far?

Since your child is under 13, a parent or guardian must approve their account.

- Your child has created a username and provided your email address as their parent or guardian.
- Your child can view projects and explore tutorials while waiting for your approval, but their temporary account will expire and be deleted along with your email address if not approved within 10 business days.

How do I approve my child's account via Paper Trail?

- Create or sign in to your own Autodesk account at <http://projectignite.autodesk.com>.
- Print out, complete, and sign this form – then clearly scan or photograph the form and email to projectignite.parents@autodesk.com.
- We will hand-process the form within three business days and manually approve your child.

After approval, your child's account is all ready to go! Give your kid a high-five for being awesome!

If you have any questions or run into bumps, please contact us at projectignite.parents@autodesk.com.

**PROJECT IGNITE COMMUNITY
"PAPER TRAIL" PARENTAL CONSENT FORM**

Fill out this form, scan or photograph it, and email it to us at:
projectignite.parents@autodesk.com

Your child's provisional account will expire within 10 business days from initial creation unless you complete the approval process.

I, _____ (print your name), the parent or legal guardian of
_____ (print child's name), have had the opportunity to review the Project Ignite
Community Terms of Service (<http://projectignite.autodesk.com/tos>) and the Autodesk Privacy Policy
(<http://www.autodesk.com/privacy>).

By signing the statement below, I consent to my child's registration and authorize my child to fully participate in the Project Ignite Community including Project Ignite, 123D Circuits, and Tinkercad.

I understand that my child's information will be collected and processed in the United States and that the site uses cookies. I consent to these practices. I understand that I may withdraw my permission granted herein, with written notice, at any time.

I also understand that it is important to provide accurate information in this consent form in case the Project Ignite Community Team needs to contact me for any reason.

Please print CLEARLY! If we can't read the form your child's approval may be delayed.
